A Chapter of The American Institute of Architects

REVERSE TRADESHOW

MAY 12, 2017

2900 CENTER PORT CIRCLE, POMPANO BEACH, FL 33064

Join us at the AIA Fort Lauderdale Reverse Trade show to learn about how social media can grow your company and pitch your ideas to local architects face-to-face. Be sure to prepare ahead of time! Once the reverse trade show timer starts, you only have three minutes to sell your company before you move onto the next table. After visiting each architectural firm's table, stick around for a little networking and a pig roast lunch.

"It's like speed dating but not awkward!"
